Scenario:

A carpentry Workshop is a common business in both villages and towns of Uganda. It deals with production of different furniture goods. To those who make life and income out of this business;

- i) Think and write down the different products that can be made by a furniture workshop in any area near you.
- ii) Identify any five materials bought from a hardware shop to be used in making furniture in a furniture workshop.
- iii) Give any five advantages of a furniture workshop business to Uganda.
- iv) Identify any five problems facing furniture sellers in Uganda.
