HOLIDAY PACK-05

Issuedby: **TangwaRonald**

Date: 19/05/05/020

Scenario:

Nairobi is the Capital city of Kenya. Well planned roads, buildings, modern industries owned by American business entrepreneurs, American foundations like the Rockfellers and residences are very common in this city. Even Barack Obama owns a nice hotel in Nairobi city center. Records say, it's the 4th most beautiful city in Africa. Wonderful!

Kampala! Ooooooh!!!!!! our own. It is the 7th dirtiest city in Africa. Reason: PLASTIC MATERIALS every where. But this is good any way/consolation! Why? Because plastic wastes can be turned into business.

TASK:

- a) List ten(10) different types of plastic material wastes you are familiar with in Uganda.
- b) Out of the above materials, think and write down five(5) businesses you can do using the materials you have selected.
- c) If you are appointed as a business planner for Kampala City:
 - i) Name with a reason five(5) businesses you cannot allow to operate in Kampala city.
 - ii) What can you do to reduce plastic wastes in any town you know?
