Scenario

THE ECONOMIC MAGUFULIFICATION OF E.AFRICA

Source: PLO Lumumba's Lecture on MAGUFULIFICATION of E.Africa/YouTube.

Magufuli is the state president of Tanzania (mainland & Zanzibar). In an effort to magufulify E.Africa(refer to source above), has lost one great point amidst election fevers in the southern country of the region. The failure to take the World Health Organisation's (WHO) advice of complete lockdown of world economies against COVID19 pandemic.

In practise cases stand at 480 as at 2nd/05/020 and projected to exceed 3000 cases by WHO. This is an empedment on the regional efforts in combating the disease so as to save regional trade.

Task:

- a) Explain the advantages of regional trade among the E.African countries including Tanzania.
- b) What are some of our Export and Import destinations to and from Tanzania?
- c) How can the high prevalence of COVID-19 pandemic among the Tanzania people affect it's trade with her neighbours?
- d) Why did Ndugu Magufuli refuse to lockdown churches and mosques (prayer centers) during the Covid-19 period in his country?
